

Step 6)
Fold the link in half.

Step 7)
Attach the pulley back on to tow point 6 with a loop to loop connection.

Step 8)
Using a thin line (such as a kite line), thread bridle 4b back through the pulley.

Step 9)
Re-attach bridle 4c to 4b with a loop to loop connection.

Step 10)
Re-attach bridle 4c and 5 to the pig tail.
